Higher Secondary (12th)

Columbia Foundation Sr Sec school

88%

Subjects
- Computer Science ,
Physics ,Maths , Chemistry,
English, Physical Education

EXPERIENCE

AppSquadz

July 2023-September 2023 : Front End

Development Intern

During my internship at AppSquadz, I embarked on an exciting journey of growth and discovery. I immersed myself in a diverse range of web development technologies, including HTML, CSS, Bootstrap, JavaScript, jQuery, and AJAX. Working on real-world projects such as Educrypt, Videocrypt, and CRM allowed me to apply my knowledge effectively and develop practical solutions.

One of the highlights of my experience was the opportunity to solve complex technical challenges and debug issues, which sharpened my problem-solving skills. My time at AppSquadz reinforced the importance of teamwork, effective communication, and a commitment to excellence in delivering quality work.

I'm immensely grateful for this invaluable experience and look forward to applying the skills and insights gained during my time at AppSquadz to future professional endeavors
